

ADAPA GOVIND VARMA

Jaggampeta Mandal, Andhra Pradesh | +91 7013061680 | govindvarma48848@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student specializing in Artificial Intelligence with a strong foundation in Python, Java, and web technologies. Passionate about developing innovative software solutions, exploring emerging technologies, and continuously improving through self-learning and hands-on practice. Strong problem-solving mindset with a commitment to consistency, persistence, and continuous learning.

EDUCATION

Bachelor of Technology in Computer Science Engineering (Artificial Intelligence)

Sri Vasavi Engineering College, Tadepalligudem

2024 – 2027 | CGPA: 8.5/10

Diploma in Computer Engineering

BVC College of Engineering, Rajahmundry

2021 – 2024 | Percentage: 77.57%

TECHNICAL SKILLS

Programming Languages: Java, Python

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL, MongoDB

AI/ML: NumPy, Pandas, Machine Learning Basics, LLM Fine-Tuning, RAG, FAISS, Hugging Face

Tools & Platforms: Git, GitHub, VS Code, Docker, Jenkins, Kubernetes, AWS Basics

Core Concepts: DBMS, Operating Systems, OOPs, Data Structures, Computer Networks

Certifications: [View All Certifications \(Oracle, Salesforce, Microsoft, Java Full Stack, IoT & more\)](#)

PROJECTS

Legal Document Summarization using Fine-Tuned LLM and RAG [\[Repository\]](#)

Tech Stack: Python, Llama-2, LoRA, FAISS, TF-IDF, Hugging Face, FastAPI, Next.js, Docker

- Developed an AI-powered legal document summarization system using fine-tuned Llama-2-7B and Retrieval-Augmented Generation (RAG) architecture.
- Integrated FastAPI backend with Next.js frontend for seamless user interaction and deployed using Docker.

Simple Digital Calculator [\[Repository\]](#)

Tech Stack: HTML, CSS, JavaScript

- Built a responsive calculator with full arithmetic operations using JavaScript DOM manipulation and event handling.

Tourism Places in Andhra Pradesh *(Ongoing)*

- Developing a tourism web app with destination info, travel budgets, and interactive UI for Andhra Pradesh tourist places.
- Enhancing frontend-backend integration while strengthening web development and problem-solving skills.

ACHIEVEMENTS & ACTIVITIES

- Solved 100+ problems on LeetCode and 200+ on GeeksforGeeks.
- Participated in hackathons, coding contests, and technical learning activities.
- Continuously enhancing problem-solving skills through competitive coding practice.

HANDS-ON LEARNING EXPERIENCE

• Java Full Stack Internship – HQL EduTech (6 Months)

- Completed internship on Java Full Stack Development
- Duration: Nov 2023 – May 2024

• Self-Driven Learning & Development

- Actively building projects using Python, APIs, and backend technologies.
- Exploring AI integration and real-world use cases

PERSONAL DETAILS

* Languages: Telugu (Native), English (Professional Working Proficiency)

* Strong interest in backend engineering and AI-based applications

* Quick learner with adaptability to new technologies
